Summary

Product-focused UI/UX Designer with a strong foundation in Computer Science and Information Systems, specializing in building responsive, accessible web and mobile applications. Experienced across the full design lifecycle, from user research, wireframing, and journey mapping to high-fidelity prototyping, usability testing, and design system maintenance in Figma and Adobe XD. Combines analytical, front-end development knowledge (HTML5, CSS3, JavaScript, Bootstrap) with modern UX design standards to deliver intuitive, user-centered digital products.

Work Experience

Web Developer, OAF Programmer

11/2023 – 07/2025

- **Front-End Development:** Built responsive, mobile-first web layouts using HTML5, CSS3, and Bootstrap.
- **UI/UX Design Focus:** Translated user interface and user experience principles into clean, interactive web applications.
- **Responsive Architecture:** Specialized in cross-browser compatibility and adaptable layouts for desktop, tablet, and mobile devices.
- **Front-End Tech Stack:** HTML5, CSS3, Bootstrap Framework.

CERTIFICATIONS & TRAINING

UI & UX (Sprints)

UI & UX – Sprints

Gained hands-on experience in core UX/UI design methodologies, including **user research, user flows, wireframing, and interactive prototyping.**

UI | UX Design diploma (Route Academy)

Developed a strong foundation in UX design through hands-on **user research, user flow mapping, wireframing, and interactive prototyping.**

Front End (Route Academy)

Built a strong foundation in core front-end technologies, applying HTML, CSS, JavaScript, and Bootstrap to create clean, responsive user interfaces.

Projects

Yalla Eat (Mobile App) 📱, Food Delivery

- Conducted user interviews and UX research to identify user friction points, creating personas and empathy maps to refine key user journeys.
- Redesigned visual aesthetics and navigation flow in Figma & Framer, streamlining user flows and improving visual hierarchy.
- Developed high-fidelity interactive prototypes for usability testing, ensuring seamless ordering and food discovery.

Bakery (Landing page) [↗](#), *Landing page*

- Designed and developed a responsive web landing page highlighting product catalogs, work portfolio, and direct order requests.
- Structured intuitive user flows and call-to-action sections to increase user engagement and streamline customer inquiries.

Professional Skills

- **UI/UX Design & Research:** User Research, Personas, Empathy Maps, Journey Mapping, Wireframing, Prototyping, Design Systems, Components & Variants, Usability Testing, Competitive Analysis.
- **Design & Prototyping Tools:** Figma, Framer, Adobe XD.
- **Front-End & Technical:** HTML5, CSS3, JavaScript, Bootstrap, Responsive Design, Python.
- **Soft Skills & Management:** Problem Solving, Critical Thinking, Teamwork, Communication, Presentation, Self-Learning, Time Management, Business Management.
